

RAPID RESPONSE GRILLE TO DUCT CONNECTOR

MODEL NOW AVAILABLE TO SUIT 10" GRILLES

The easy to install Rapid Response grille to duct connectors are designed to fit one of our modern 8" or 10" Rapid Response grilles and flexible duct. The grille to duct connectors are suitable for ducted systems that use an in-line, roof, or external wall mounted fan. Grilles are quick to remove, making them easy to clean.

- High strength swing clips make installation easy.
- Can be retrofitted into a standard 8" (255mm) or 10" (290mm) round cut out.
- Designed to fit our range of 8" & 10" Rapid Response grilles.
- Suitable for 150mm ducting.

MINITUBE IN-LINE FANS

The Minitube Series of duct mounted axial fans is suitable for exhausting or supplying air in domestic and commercial applications such as bathrooms, toilets, ensembles and apartments.

MTP132

PROVENT IN-LINE FANS

The high performance ProVent fans feature a compact design that makes them suitable for applications where space is limited. Their mixed-flow impeller provides powerful air flow making them suitable for homes, apartments and commercial buildings.

RIL-150SW

TD SILENT IN-LINE FANS

The Silent Series of in-line mixed-flow fans incorporates a number of new technologies that make them the quietest fan in its class. This high performance fan is ideal for noise sensitive areas such as apartments, hotels and offices where rooms are often close together.

TD-500/150SIL

EZIFIT THRU ROOF

Available in metal/deck and tile roof versions, the Ezifit Thru Roof exhaust air fans are easy to install and provide powerful air flow with low noise output.
