

OM3 pigtails are ideal for quickly splicing the required connector to your network. 50/125 OM3 multimode fibre optic cable is suitable for connecting 10G SR, 10G LRM, SFP+ transceivers etc., for 10G/40G/100G Ethernet connections and is the preferred fibre specification for 10G Ethernet connections. Suitable for direct terminating to your network devices or patch panels.

### Features and Benefits

- » Rainbow international standard coloured packs
- » FC, SC, ST and LC individual 2m long pigtails for OM3 fibre
- » Crush and kink resistant
- » Precision connectors ensure consistent low loss
- » Flexible and abrasion-resistant LSZH (riser) jacket, durable for indoor use
- » Low smoke zero halogen
