Connector TE – Zinc Coated Steel

Features

- Protection rating – IP66
- Approvals
CE marked
Lloyds
- Fully welded construction
- Captive 316 stainless steel combo head screws, used to prevent loss when fastening
- Provision for mounting DIN rails or a mounting pan, increasing the application flexibility
- Flat face gutter
- Easy installation
- Foamed in place polyurethane gasket

OVERVIEW

The Connector TE is a range of enclosures suitable for many applications where a smaller, robust enclosure is required. It has a flexible system for mounting electrical equipment which can be done via a mounting pan or DIN rail and both have been ergonomically designed for easy installation. The renowned flat face gutter ensures a reliable and long-lasting seal no matter what the application.

APPLICATION

Typical applications include housing terminations, pushbuttons or switchgear in harsh environments where a robust enclosure is required.

MATERIALS

- Body – 316 stainless steel
- Body thickness – 1.2 / 1.5mm
- Gasket – FIP polyurethane

INCLUSIONS

- Earth strap kit

Connector TE – Zinc Coated Steel
