### Swivel Blade Strippers

The KAM range of strippers are used to strip circular cables. They have a unique cranked swivel blade that automatically swivels when the operator changes the strip direction from the circular cut to the longitudinal cut. They have an adjustable depth of cut. There are three basic sizes for various cable ranges, and the KAM1/K has a knife included. Spare blades are available.

**KAM1** 130mm, 60g    **KAM2** 160mm, 100g

**KAM1/K** 170mm, 80g    **KAM3** 170mm, 120g

**Spare Blade**

**KAM BLADE**

**KAM1**  
Cable range 8-28mm

**KAM2**  
Cable range 28-35mm

**KAM1/K**  
Cable range 4-28mm, with knife

**KAM3**  
Cable range 35-50mm

### LV Stripper - Safe and Easy Stripping of LV Cables

This easy to use LV cable insulation stripping tool removes the need of using knives or other exposed blades, and thus removes the risk involves in stripping LV cables. The set includes various heads for various cable sizes. Simply put the tool on the end of the cable, set your desired stripping depth and turn.
