

CABAC SELF CUTTING CABLE TIES

Save time and frustration using the latest innovation from Cabac the Self-Cutting Cable tie.

Easy to use - simply lock and twist to finish the job, with no need for an additional cutting tool!

Unlike other "twist" ties our patented design doesn't require a reduction in the strength and durability of the cable tie material or multiple rotations to achieve a break in the tie. Instead, a small cutting blade inside the head of each tie ensures a tight lock and quick, clean cut, improving the appearance of the end result and virtually eliminating residual jagged edges which can bite into bare skin.

FEATURES AND BENEFITS

- Save time during installation with a single twist and no additional cutting tool required
- Self Cutting cable ties have a loop tensile strength of 22.6KG and is made from durable, 100% nylon 6/6 material.
- These cable ties meet UL 94 V-2 flammability classification with an operating temperature of -40 to 85° Celsius.
- Black ties are UV resistant which makes them suitable for outdoor and indoor applications.

SPECIFICATIONS AND ORDERING INFORMATION

PART No.	DESCRIPTION	LENGTH (MM) "A"	WIDTH (MM) "B"	THICKNESS (MM) "C"	MAX BUNDLE DIAMETER (MM)
CT200BK/50SC	CABLE TIE 203 X 4.3MM SELF CUTTING BLK 50 PACK	203	4.3	1.4	50
CT290BK/50SC	CABLE TIE 280 X 4.3MM SELF CUTTING BLK 50 PACK	280	4.3	1.4	76
CT360BK/50SC	CABLE TIE 356 X 4.3MM SELF CUTTING BLK 50 PACK	356	4.3	1.4	101

In support of our policy of continuous product improvement we reserve the right to change materials and specifications without notice. Drawings, where used, are not to scale. All dimensions are in millimetres and sizes given are approximate. Where possible, technical MSDS data sheets are made available on the website. All products should be installed and used in accordance with manufacturer's instructions provided. Warning: products may be the subject of registered designs and patents.
