Product Summary

CT-FRGP Kleanium™ Flux Remover GP

Kleanium™ GP Flux Remover is specifically formulated to remove most types of fluxes including rosin and rosin based no-clean flux found in post-solder applications (Type R, RA & RMA). The quick penetrating and low surface tension action of this general purpose flux remover will easily dissolve and flush away fluxes, oils, greases, grime, dirt and other contaminants from your electrical and electronic assembly. Typical applications include post wave soldering flux cleaning, printed circuit boards, component leads, connectors, gold fingers, plugs, sockets, aerospace electronics, telecommunication equipment, and avionics etc .

Features & Benefits:

- Low odour
- Non corrosive
- Contains no CFCs or HCFCs
- Leaves little or no residue
- Compatible with most rubbers, plastics and metals
