

CT-VF - Vioflux Liquid Flux

Product Summary

CT-VF Vioflux High Activity Industrial Liquid and Paste Fluxes

Vioflux is a general purpose acid based flux which is formulated for use with Stainless Steel, Monel, High-Chrome Alloys, Inconel, Nickel, Copper, Brass, Ferrous Alloys, soft metals and many more. The blend of acids used make this flux active at room temperature where it begins to clean metals and remove oxides. The flux exerts a strong scavenging action to remove oxide coatings and other impurities from the metal surface to produce strong joints. It is available in liquid and paste form.
