

# Stainless Steel Floor Box

## At a glance...

- Capacity: 1 standard sized plate
- Box Size: 135 x 130 x 100mm Deep
- Lid Material: Stainless Steel
- Suitable for: Compact Installations

***“Easy as ECD”***

- Compact and stylish, the FB145 Flush Floor Box provides ready access to power (or communication) outlets recessed in the floor.
- Suitable for use in: Modern open plan living areas, home theatres, showrooms, shop-front displays, boardroom tables, schools, universities, and public buildings.
- Available in Stainless Steel, the hard wearing 145 x 145mm cover bevels down to a fine edge under foot and is suitable for use with polished floor boards, carpet, ceramic tiles and vinyl floor coverings. (Not suitable for use in wet areas)
- The cover is also available with a 'Non' bevelled edge – suitable for a flush finish with tiled, timber or other hard finish floors. Add "SQ" to part number.
- Capacity 1 x Double GPO.
- Two small flaps allow cords out of the box when in use and close flat when not in use.
- A versatile, practical and decorative solution to your open plan cabling needs.
- This product has been examined in accordance with AS 3000 and conforms to A.C.M.A requirements.
