

IP65 Wide Body Batten  
**TEMPEST V PRO**

Tempest V Pro is an upgrade to our current Tempest V range. The whole product range efficacy will be improved up to 135Lm/W, with an addition of flicker free.

The entire range is an ideal choice for outdoor applications such as car parks, loading docks, and other commercial and industrial settings.

It is also suitable for indoor environments that may be exposed to moisture or humidity.

Tempest V Pro will share the same structure design as our Tempest V weather-proof batten which provides all the installation convenience such as side and back entry and large terminal blocks.

## Features

- Five-Colour
- Multi-Watt
- Opal polycarbonate diffuser
- Large 6mm terminal block
