

Quick Overview

Precision Current Loop Calibrator

Features

Process Calibrators

The Fluke 709H mA loop calibrator is designed to save time and produce high-quality results. The 709H offers HART communication and supports a select set of the HART universal and common practice commands.

Fluke 709/709H Precision Loop Calibrators with HART Communications/Diagnostics

- Best-in-class accuracy at 0.01% reading
- Intuitive user interface with Quick-Set knob for fast setup, easy use
- Built in selectable 250 Ω resistor for HART communication
- 24 V DC loop power with mA Measure Mode (-25% to 125%)
- Resolution of 1 μ A on mA ranges and 1 mV on voltages ranges

Details

Part No.	FLU709
Brand	Fluke
Unit Of Measure	Each
Carton Quantity	1
Compendium Page #	560
