Cleaning Guide:

Spraying cleaning products directly on to electrical switches or power points (sockets) is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. Do not use an abrasive cloth as it may scratch the plastic.

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Do not wash the cover plates in water over 60°C.

Puma Range of Single Power Points

- Uses brass tunnel terminals that have the screws backed out for easier installation of cabling. Power point terminals have 5.7mm bore to suit 4 x 2.5mm² cable.
- Fits standard Australian wall boxes and mounting accessories that use 84mm mounting centres.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Standard colour is white. Black also stocked - please check availability.
- Switches approved to AS/NZS3133.
- Socket outlets approved to AS/NZS3112.
- Typical example of size seen below:

Warning:

Must be installed by a licensed electrician and installed in accordance with requirements of AS/NZS3000.

Caution no user serviceable parts contained, risk of electric shock if dismantled. Cutting cables or damaging components will void warranty.

Check whether the product has been damaged in transport. Do not operate or install any product which appears damaged in any way. Return the complete product to place of purchase for inspection or replacement.

Cleaning Guide:

Spraying cleaning products directly on to electrical switches or power points (sockets) is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. Do not use an abrasive cloth as it may scratch the plastic.

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Do not wash the cover plates in water over 60°C.

Puma Range of IP66 Switch Plates

- Trader IP66 rated flush switches have been designed to achieve IP66 on a smooth, flat, non- porous surface, from the front of the switch only.
- The switches are compatible with mounting hardware for standard 84mm mounting centre wallplates.
- IP Rating : IP66 (from front only).
- Voltage Rating: 250V a.c
- Current Rating: 10AX.
- Motor Rating: M100
- No provision has been made to prevent water and dust entering from behind the switch.
- Care should be taken when mounting, to ensure that water and dust cannot bypass the gasket and come in contact with live parts.
- Ensure that the mounting surface is completely flat, smooth and non-porous.
- Make sure the rear gasket seal is located in its correct position. – Use the silicone washer.
- Clip on front cover/surround.
- Standard colour is white. PUSWV4G66 & PUSW4G66 also available in Black & Matt Black - please check availability.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. Do not use an abrasive cloth as it may scratch the plastic.

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Do not wash the cover plates in water over 60°C.

Puma Vandal Proof Range of Switch Plates

- Switches approved to AS/NZS3133.
- Switches are rated 10AX/16A 250V~ and approved to AS/NZS3133.
- Mech back-up security screws on rear of installed mechs.
- Less Mech plates require security screws (HYSCREWS) to be supplied separately
- Oval screw caps for extra adjustment on wall (no removable cover).
- Fits standard Australian wall boxes and mounting accessories that use 84mm mounting centres.
- Uses brass tunnel terminals that have the screws backed out for easier installation of cabling. Switches are two way with looping terminal and suit 4 x 1.5mm² cabling with 4.1 bore
- Slotted head screws for the terminals.
- Plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- PUSW1GVP to PUSW3GVP Impact rating IK08 to IEC62262:2002.
- PUSW4GVP to PUSW6GVP Impact rating IK07 to IEC62262:2002
- Standard colour is white.
- Plates suit Trader Meerkat MESW mechs, including TV and Data; and Clipsal 30 Style* mechs and accessories.
- Typical example of size seen below:
