Technical Properties

|  |                         |
|--|-------------------------|
| Number of modules                      | 4                       |
| Number of poles                        | 4 P                     |
| Rated operational AC voltage           | 230/400 V               |
| Rated current                          | 80 A                    |
| Rated residual operating current       | 30 mA                   |
| Residual current type                  | A                       |
| Frequency                              | 50 Hz                   |
| Rated insulation voltage               | 500 V                   |
| Rated impulse withstand voltage        | 4 kV                    |
| Operating temperature                  | -25 to 40 °C            |
| Electric endurance in number of cycles | 2000                    |
| Number of mechanical operations        | 4000                    |
| Connection cross-sect. rigid cable     | 50mm <sup>2</sup> max.  |
| Connection cross-sect. flexible cable  | 35 mm <sup>2</sup> max. |
| Tightening torque                      | 3,3Nm                   |
| Height of installed product            | 86 mm                   |
| Width of installed product             | 70 mm                   |
| Depth of installed product             | 70 mm                   |
