

# M12™ Soldering Iron (Tool Only)

## M12SI-0

Heats Quickly, Maintains Optimised Temperature

Ready-to-Use & Safe-to-Store Tip Indicator

3-Stop Pivoting Head for Unmatched Access

18 Second Heat Up Time

Green LED Indicates Operating Temperature Reached

Red LED Indicates Tool is Off and Still Hot

Tool-Free Tip Change: Easily Switch Between Chisel and Pointed Tips

| Length               | 272mm                                                          |
| Weight               | 0.23kg                                                         |
| Warranty - Tool      | 5 Years                                                        |

The M12 Soldering Iron delivers fast application speeds by reaching operational temperature in under 18 seconds and maintaining an optimised temperature throughout the most demanding applications. The heat indicator utilises REDLINK INTELLIGENCE to notify users when the tool is ready-to-use and safe-to-store, eliminating the guesswork. The 3-stop pivoting head provides unmatched access by allowing users the ability to adapt the tool for the application and solder in more confined spaces. The M12 Soldering Iron powered by REDLITHIUM™ battery technology delivers up to 45 minutes of run-time on a M12 2.0Ah Battery Pack.
