First Aid Kits

First aid kits for vehicles & other workplaces (Australia only)

These first aid kits meet or exceed state or territory prescribed regulations or Codes of Practice for workplaces with less than 25 people (30 people for QLD, 100 people for TAS & 50 people for SA). For large workplaces, remote locations or high-risk workplaces additional 1st aid material or kits may be required. Each workplace should conduct a risk and hazard assessment and consult with their employees to properly assess their specific first aid and OH&S requirements.
