

L40 Lantern Outdoor Electric Insect Killer

- Australian made superior quality
- Exported throughout the world

- Totally weather proof (water tested - IPx4 rated) with powerful light and heavy duty power transformer
- Zinc-anneal rust resistant frame 'built to last' construction - we only use the best quality components
- Unlike chemicals, insects can not become resistant to electrocution
- Low running costs - easy to install - Slide out tray at bottom to clear dead insects & change UV tube
- 3 Year Warranty - longest known Insect killer Warranty in the world (tube & starters not incl.)
- Compared to many competitors our products have the most effective insect killing rates in the world
- Ideal for all outside areas - entertain in peace without mosquitoes and other annoying insects
- Fully compliant with all required Australian and European certified safety standards
- Our unique ultra violet "Black light" tubes are one of the most effective "insect attracting" tubes on the market - many cheaper brands typically use inferior tubes that attract fewer insects
- No cheap inferior plastic parts that break down with ultra violet light or sunlight

**Ideal for outdoor patio/BBQ areas,
commercial & domestic use,
fully weather proof**
