

PCA T5 EXCEL one4all Ip xitec II, 14 – 80 W**EXCEL T5**

The innovative ballasts in the PCA EXCEL one4all series are so versatile and convenient that they open up new lighting solutions. They meet almost all specific requirements – both for luminaires and for applications. Dimmable luminaires are the most responsible way to reduce costs. They always provide the optimum amount of light, appropriate to the presence or absence of people and the amount of available daylight. Energy savings of up to 80 percent can be made.
